

STP-PSU2A-12

12VDC 2 AMP MULTI-INDICATOR POWER SUPPLY UNIT

This boxed power supply provides a 12Vdc output for powering access control products such as maglocks or electric releases etc. This power supplies battery back-up feature enables continuous power during mains failures when fitted with an optional lead-acid battery.

FEATURES

- Lockable hinged lid (includes 2 keys)
- Battery back-up (Battery not included) Prod ref: [BAT7](#)
- LED status indicators

TECHNICAL INFORMATION

- 265mm(H) x 195mm(W) x 75mm(D)
- Input voltage: 190-265Vac, 50 or 60Hz
- Output voltage: 12Vdc
- Output current: 3A max
- Charging voltage: 13.8V + 2%
- Charge current: 800mA
- Input fuse: 2A / 250Vac
- Back-up battery: 7Ah (lead acid) Prod ref: BAT7
